

Brampton Village Primary School

Pupil premium strategy statement

This statement details our school's use of pupil premium funding for the 2023-24 academic year to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Brampton Village Primary School
Number of pupils in school on 6 th October 2023 (at October 2022 census)	605 (602)
Percentage of pupil premium eligible pupils on 6 October 2022 (at October 2021 census) - excludes service pupils	24.6% (24.9%)
Academic year/years that our current pupil premium strategy plan covers	2023/24; 2024/25; 2025/26
Date this statement was published	December 2023
Dates on which it will be reviewed	April 2024 / September 2024
Statement authorised by	The Governing Body
Pupil premium leads	Peter Allen (HT) and Lisa Cooper (DHT)
Governors	Nic Evans and Richard Kelly

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£219,810
Recovery premium funding allocation this academic year	£21,460
Pupil premium funding carried forward from previous year	£5,664
Total budget for this academic year	£246,934

Statement of intent

All members of staff and governors accept responsibility for disadvantaged pupils and are committed to meeting their pastoral, social and academic needs within the school environment. We are committed to diminishing gaps between vulnerable pupils and their peers, and the pupil premium is an important tool in this process. We have more than 600 pupils with varying life experiences, and it is a priority to understand the challenges faced by our pupils so that we can effectively deploy pupil premium to help remove barriers to learning. Our aim is that all of our pupils reach their full potential and are able to engage fully in our curriculum and school life.

The percentage of our pupils eligible for pupil premium is above the national average (23.8% in January 2023) for primary schools.

Research conducted by the EEF concludes that common barriers to learning for disadvantaged children are: less support at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties and attendance and punctuality issues. We will ensure that all members of staff can identify disadvantaged pupils and are aware of strengths and areas for improvement across the school.

Principles

- Quality first teaching and effective assessment meets the needs of all pupils, complemented by targeted academic support for pupils who are not making the expected progress.
- Where appropriate, provision is made for pupils that belong to vulnerable groups including disadvantaged pupils.
- We will address non-academic barriers to learning such as: poor attendance, behaviour, low aspirations and expectations, well-being, limited access to rich language and a lack of cultural capital. We will ensure that disadvantaged pupils have access to a broad range of activities.

Central to our strategy is quality first teaching. Evidence demonstrates that this has the greatest impact on closing the disadvantage attainment gap and will benefit all of the pupils in our school. Implicit in the intended outcomes outlined below is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

In order to identify how we can best direct resources to meet the needs of our learners we will rely on robust assessment and will target support based on the evidence from that assessment for both disadvantaged and non-disadvantaged children. Interventions will be closely monitored to ensure that they are effective and achieve their objective.

At Brampton Village Primary School we recognise the vital role that parents and carers play in the lives of their children, and building relationships with those parents and carers is crucial to the progress of our disadvantaged pupils. We will ensure that parents and carers understand that they can make a positive contribution to their children's achievement in school by engaging in school processes. We actively encourage the take-up of free school meals by working proactively with parents and carers in a sensitive and supportive manner, and seek to remove any potential barriers, or perceived stigma attached, to claiming free school meals.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Poor attendance of pupil premium children, including persistent absentees and late arrival at school.
2	Some pupils in receipt of pupil premium funding show weaknesses in learning behaviours. Some pupils lack resilience, determination and readiness to learn, and can lack self-motivation and the confidence to improve.
3	Some pupils have limited experiences beyond their home life and immediate community, especially in relation to access to books, libraries and technology.
4	Low attainment and slow progress rates made by pupil premium/disadvantaged children. Assessments, observations, and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with phonics than their peers. This negatively impacts their development as readers. Assessments and observations indicate under-developed oral language skills amongst disadvantaged pupils. Good Oracy skills underpin all other literacy areas of learning. The gap between pupils from disadvantaged and non-disadvantaged backgrounds increased as a consequence of the Covid-19 pandemic.
5	There is high mobility of pupils due to growth of the village and the school. Many children have experienced two or three different schools in a few years and this has led to inconsistencies in their experience.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Disadvantaged pupils will meet national expectations for attendance and persistent absence.	<ul style="list-style-type: none"> Reduce the number of persistent absentees among pupils eligible for pupil premium compared to the wider school population. Family Worker to work with families to improve attendance and decrease persistent absence. Attendance in 2022-2023 for pupil premium was 93.7% and for all pupils was 90.6%. (National was 93.8% for all pupils and 91.3% for PP)
<p>To support children who have emotional or behavioural needs so that they can access the curriculum and be ready to learn.</p> <p>All pupils will demonstrate learning behaviours in line with the school's "6 Rs" (Respect, Responsibility, Resilience, Resourcefulness, Reciprocity and</p>	<ul style="list-style-type: none"> Children make good progress and there are less instances of disruptive behaviour recorded. The Cambridgeshire Therapeutic Thinking approach to behaviour management is successfully maintained Staff receive appropriate professional development for them to support children. Hours of teaching assistant time allocated to pastoral roles increased.

Brampton Village Primary School

	<ul style="list-style-type: none"> • Continued development of “The Bridge”, a nurturing space for children who need some time in an alternative environment during the school day. • Full time SENCo in post (previously four days each week) • Embedding of Provision Map and exploiting its functionality allows more careful tracking of provision and outcomes. • Sustained high levels of wellbeing demonstrated by qualitative data from pupil voice, surveys and teacher observations.
<p>To enable more children to access extra-curricular activities and to boost self-esteem.</p>	<ul style="list-style-type: none"> • More children are able to succeed and participate, enabling them to have the same opportunities as their peers. • There is a wider menu of extra curricular clubs available to increase participation.
<p>Continue to close the attainment and progress gap between all pupils and disadvantaged pupils across the school</p>	<ul style="list-style-type: none"> • The majority of pupils eligible for pupil premium make expected progress to prevent the gap between them and their peers widening. • Teachers have identified children who need to make accelerated progress and the majority of these children achieve this. • Interventions are implemented and evaluated for impact on progress and attainment, such that pupil premium pupils make expected or accelerated progress from their relative starting points. • Teachers use prior attainment and current progress data as well as knowledge of individual children to adjust provision so that most disadvantaged children make at least expected progress. • The school purchases support from the Local Authority. This means that Maths and English Advisers visit regularly to monitor and support staff in delivering Quality First Teaching. There is an associated cost with releasing staff as part of this. • Implementation of Talk 4 Writing, a structured approach which will improve teacher confidence in teaching writing, and pupil outcomes in both written and oral language skills. This will be accomplished by a number of consultant-led sessions delivered to all teachers and teaching assistants and represents a significant investment in funding release time, additional planning time and training days dedicated to Talk 4 Writing.

Brampton Village Primary School

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £48.6k

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p><i>CPD – release time associated with working with local authority advisors on maths and English to help maintain Quality First Teaching.</i></p> <p><i>Attendance at external briefings and courses.</i></p> <p><i>Consultancy and Training for “Talk 4 Writing”, launched Spring 2023 when preliminary work was scheduled. A number of consultant-led sessions will take place during the year and teachers and teaching assistants will participate. Reference materials will be purchased to support implementation.</i></p> <p><i>Purchase of materials to improve handwriting as well as develop writing skills, including special exercise books and flipcharts.</i></p> <p><i>Roll out of new Phonics scheme into KS1 (introduced in Early Years in 2022), staff training</i></p>	<p>Research from the Education Policy Institute (EPI) (2020) found that <i>high-quality CPD for teachers has a significant effect on pupils’ learning outcomes. CPD programmes have the potential to close the gap between beginner and more experienced teachers:</i></p> <p><i>Evidence suggests that quality CPD has a greater effect on pupil attainment than other interventions schools may consider, such as implementing performance-related pay for teachers or lengthening the school day.</i></p> <p><i>Teacher CPD may be a cost-effective intervention for improving pupil outcomes: while there are other interventions with a larger impact on pupil attainment, such as one-to-one tutoring (0.28), these programmes are typically far more expensive.</i></p>	4, 5

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £79.9k

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p><i>Interventions delivered outside the classroom targeted at pupils who require additional support to overcome barriers to learning. Our interventions will be delivered by HLTAs and Teaching Assistants, directed primarily to small groups of up to a maximum of six children.</i></p> <p><i>All interventions will be recorded on provision mapping software to allow an objective assessment of the effectiveness of interventions and to provide centralised records to teachers and school leadership.</i></p> <p><i>Sessions will include phonics, reading support, and maths work.</i></p>	<p>Targeted deployment, where interventions are delivered to small groups or individuals can help previously low attaining pupils has a higher impact than deployment in everyday classroom environments.</p> <p>Educationendowmentfoundation.org.uk/education-evidence/teaching and learning-toolkit/teaching-assistant-interventions and</p> <p>Educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/small-group-tuition</p>	4, 5

Brampton Village Primary School

<p><i>“Top up” of funding received as School Led Tutoring grant.</i></p> <p><i>During 2023-34 the National Tutoring Programme Grant will cover 50% of the cost of tuition, specifically aimed at smaller groups, and pupil premium will be used to cover the remaining 50% of the cost..</i></p>	<p>Tuition targeted at specific needs and knowledge gaps can be effective to support low attaining pupils and those falling behind.</p> <p>Educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/small-group-tuition</p>	4
--	---	---

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £118.4k

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p><i>Inclusion and pastoral support to increase engagement with families, to improve attendance and behaviour. 2023/24 will see a continuation of pastoral support hours including a Family and Inclusion Worker.</i></p> <p><i>Additional support for children with behaviour issues and/or difficulty accessing learning in the classroom.</i></p> <p><i>Development and running costs of “The Bridge”, a nurture room to support children with sensory or social and emotional needs; also for those children who, for various reasons, find it difficult to be in large classes all the time.</i></p> <p><i>Increase in SENCo hours to full time (from 80%)</i></p> <p><i>Introduction of a new school app to facilitate greater parental engagement. The cost of the app and the time spent implementing and developing it over the school year to greater meet the needs of parents has been allocated within this heading.</i></p>	<p>Targeted behaviour interventions can help to prevent exclusions that remove children from school for periods of time, and also reduce low-level disruption that reduces learning time in the classroom.</p> <p>The Family and Inclusion worker keeps in touch with families where there are issues with attendance, working closely with our SENCo and the remainder of the pastoral team.</p> <p>The pastoral teaching assistants act as key workers for children who are struggling, meeting with them 1:1 throughout the week, and delivering targeted social and emotional programmes if required..</p> <p>The pastoral team have a role in settling and supporting the transition of our new children, and prepares our departing pupils for the next stage in their education. The pastoral lead also works with children from service families.</p> <p>The school’s new app allows parents to keep up to date with what is in school, make bookings, submit forms and communicate all in one place, with an interface which is very accessible, looking consistent with widely used social media apps. Effective communication is crucial to raise awareness of the benefit in engaging with a child’s education.</p> <p>Educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/behaviour interventions</p> <p>There is a wide body of evidence associating social and emotional skills in childhood with improved outcomes in later life.</p> <p>Educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/social-and-emotional-learning</p> <p>The importance of parental engagement to pupil outcomes is discussed in a number of articles, for example J Goodall - School Leadership & Management, 2013 which provides a model for good parental engagement.</p> <p>https://www.tandfonline.com/doi/abs/10.1080/13632434.2012.724668</p>	1, 2, 5
<p><i>Whole school training in “STEPS” behaviour management with the aim of developing our school ethos and improving behaviour across the school.</i></p>	<p>A universal approach to behaviour management can have positive overall effects, helping to prevent disruption. It is important to maintain high expectations and to embed a consistent approach across the school.</p>	2

Brampton Village Primary School

<p><i>STEPS which is a therapeutic-thinking and trauma-informed approach to behaviour.</i></p>	<p>Educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/behaviour-interventions</p>	
<p><i>Direct support is provided for our disadvantaged, vulnerable families who are in need and financially struggling. This will comprise a grant towards school uniform, funding of educational visits, clubs, music tuition and a substantial contribution towards the cost of residential visits in Years 4 and 6. Direct support comprises a small part of our planned expenditure but has benefits for pupil wellbeing and increasing cultural capital.</i></p>	<p>Direct support provided by the school is to ensure equality of opportunity to children from disadvantaged children and is actively supported by governors.</p> <p>Support for educational visits, extra-curricular clubs and music tuition have benefits for children in terms of increasing cultural capital and have wider benefits such as more positive attitudes to learning and increased well-being.</p> <p>Educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/arts-participation</p>	<p>3</p>

Total budgeted cost: £246.9k

Brampton Village Primary School

Part B: Review of outcomes in the previous academic year

Pupil Premium Strategy Outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

We have analysed the performance of our school's disadvantaged pupils during the 2022/23 academic year using Key Stage 1 and 2 performance data, phonics check results and our own internal assessments. This has allowed us to see any traits and patterns within the data which have then helped to decide the areas of focus for the new PP statement.

Internal assessments from 2022/23 show that although gaps between PP and Non-PP pupils did not widen, they did not close significantly. It is evident that PP pupils at Brampton are making progress from their starting point.

Attendance for all PP pupils increased in 2022/23 from previous levels.

Y1 Phonics outcomes were broadly in line with national for PP pupils.

KS1 attainment for disadvantaged pupils rose from 2022 to 2023. There is no data available to compare progress.

Our school's gap to Non-Disadvantaged pupils nationally in reading has improved by 12.9% from -38.1% in 2021/22, to -25.2% in 2022/23.

Our Disadvantaged cohort's Writing Expected Standard has remained the same from 23.8% in 2021/22, to 23.8% in 2022/23.

Our school's gap to Non-Disadvantaged pupils nationally in maths has improved by 11.5% from -43.6% in 2021/22, to -32.1% in 2022/23.

Our school's gap to Non-Disadvantaged pupils nationally has improved by 1.9% from -39.1% in 2021/22, to -37.2% in 2022/23.

KS2 Progress for disadvantaged pupils increased from 2022 to 2023 although attainment fell slightly.

Our school's gap to Non-Disadvantaged pupils nationally in reading has improved by 7.0% from -8.5% in 2021/22, to -1.5% in 2022.

The Disadvantaged pupil(s) in our school are in percentile 27 for Reading Expected Standard when compared to other schools./23.

Our school's gap to Non-Disadvantaged pupils nationally in maths has improved by 4.0% from -35.0% in 2021/22, to -31.0% in 2022/23.

Data from tests and assessments suggest that, despite some strong individual performances, the progress and attainment of the school's disadvantaged pupils in 2021/22 was below our expectations.

As a school, we successfully offered cultural capital experiences to all of the PP children and uptake was high. Many of these children attended the residential trips on offer in Year 4 and Year 6. Many children also attended the Young Voices trip to the NEC in Birmingham, where they joined other schools in singing songs they had learnt.

We have reviewed our strategy plan and made changes to how we intend to use some of our budget this academic year, as set out in the Activity in This Academic Year section above. The Further Information section below provides more details about our planning, implementation, and evaluation processes.

Brampton Village Primary School

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Programme	Provider
Talk for Writing	Talk for Writing

Service pupil premium funding

Number of service pupils at October 2023 census (2022)	36 (42)	Service pupil premium funding allocation this year	£12.7k
Measure		Details	
How did you spend your service pupil premium allocation last academic year?		As in previous years, and in line with recognised good practice, we put support in for our Service Children through increased administrative support during school holidays and a Transition Mentor.	
What was the impact of that spending on service pupil premium eligible pupils?		<p>The increased administrative support has enabled families to be supported through school holidays when many of them want information about starting, often at short notice.</p> <p>One of our pastoral team also operates as Transition Mentor, welcoming new children to the school and helping them in preparation for moving on when parents are posted. They support children in limiting the Impact of long absences of a parent due to postings. They have been able to meet children regularly, write messages and deal with related anxieties.</p> <p>As part of their role the Mentor has helped children when faced with difficulties with making friends due to regular school movement.</p> <p>Previous surveys from Service Families have indicated that they preferred to have emotional support for their children in school to help when adults were posted overseas.</p>	

Additional activity

We also do many, many things for pupils which do not cost money. For example, clear transition into the school or into secondary school, regular meetings and parent meetings. Our pupil premium strategy will be supplemented by additional activity that is not being funded by pupil premium or recovery premium. That will include:

- offering a wide range of high-quality extracurricular activities to boost wellbeing, behaviour, attendance, and aspiration. Activities will focus on building life skills such as confidence, resilience, and socialising. Disadvantaged pupils will be encouraged and supported to participate.

Planning, implementation, and evaluation

We have looked at a variety of evidence from multiple sources of data including assessments, book scrutiny, conversations with pupils, parents and staff in order to identify the challenges faced by disadvantaged pupils.

We looked at a number of reports, studies and research papers about effective use of pupil premium, the impact of disadvantage on education outcomes and how to address challenges to learning presented by socio-economic disadvantage. We also looked at studies about the impact of the pandemic on disadvantaged pupils.

We used The Education Endowment Foundation Guide To The Pupil Premium to help us develop our strategy and in order to secure better outcomes for pupils.

The Education Endowment Foundation Guide To The Pupil Premium :

A tiered approach to Pupil Premium spending

Teaching	Targeted Academic Support	Wider Strategies
<p>Spending on improving teaching might include professional development, training and support for early career teachers and recruitment and retention. Ensuring an effective teacher is in front of every class, and that every teacher is supported to keep improving, is the key ingredient of a successful school and should rightly be the top priority for Pupil Premium spending.</p>	<p>Evidence consistently shows the positive impact that targeted academic support can have, including on those who are not making good progress across the spectrum of achievement. Considering how classroom teachers and teaching assistants can provide targeted academic support, including how to link structured one-to-one or small group intervention to classroom teaching, is likely to be a key component of an effective Pupil Premium strategy.</p>	<p>Wider strategies relate to the most significant non-academic barriers to success in school, including attendance, behaviour and social and emotional support. While many barriers may be common between schools, it is also likely that the specific features of the community each school serves will affect spending in this category.</p>
