Children Return
Wednesday 17th April

This Week's Learning

This week we have been learning all about frogs and their life cycle. We discovered that frogs are amphibians and that they can live in water and on parts of the land.

Miss Hayley bought some tadpoles in for us to observe and all of the Brambles have enjoyed watching, the tadpoles emerge from their frogspawn. We will be returning our friends back to their natural environment on our weekly walk. There have been some wonderful frog life cycles created this week by our Brambles, using green bubble printing.

One of our table top activities during free play has been discussing how we keep our teeth healthy and clean and what happens when we go to the Dentist.

We have explored toothbrushes, toothpaste, dentist mirrors and two-minute timers.

Our number of the week: 1

Our key words: Frogspawn, tadpole, froglet, frog, pond and metamorphosis.

Our letter sound: S

Something Special

What a wonderful day we have had joining in with Red Nose Day for Comic Relief. It was great to see so many red outfits, accessories and even some painted on noses!

Thank you to all of our Brambles families who donated a £1.00 to this fantastic cause.
